AMRI Planning Session

Consultant Lucy Franks is undertaking a review of AMRI's work to provide the basis for a new strategic plan. Many of you provided feedback to Lucy earlier this year. Thank you. She will present her findings on **Thursday 16th September 2021 via Zoom at 2.30 pm.** There will be a Q&A session and opportunity to share your ideas on the future work of AMRI. Again we would encourage as many members as possible to participate.

Christianity & Climate Change

Portadown Elim Church and Magheralin Church of Ireland, in association with Tearfund have developed a new online film series on Christianity and Climate Change, designed to open up discussion and reflection on contemporary ecological challenges. The course will be launched on Saturday 18th September in the Jethro centre, Lurgan at 7:30pm and will begin on 28th September for 4 weeks. The series features internationally renowned climate scientist Professor Katharine Hayhoe.

The course is free of charge and participants can join the online sessions only if they wish. To find out more and book your place, please [click here](#)

SEASON OF CREATION

The Season of Creation is marked throughout the Christian world from 1 September to 4 October (Feast of Saint Francis of Assisi) and celebrates the joy of creation as well as encouraging awareness-raising initiatives to protect our natural environment.

The theme for the Season of Creation 2021 is 'Restoring Our Common Home'. During this season we are asked to join together to celebrate creation and protect our common home through prayer, reflection and action.

2021 is a critical year, as we consider the fact that our world continues to deal with the Covid-19 pandemic as well as a devastating climate and biodiversity

crisis. We anticipate the two UN Conferences, COP15 (on Biodiversity, due to take place in China) and COP26 (on climate change, Glasgow) in the hope that world leaders take the urgent action that is needed to Restore Our Common Home.

The Irish Catholic Bishops Conference have a great selection of resources on their website that support celebrating the Season of Creation: <https://www.catholicbishops.ie/2021/07/21/season-of-creation-2021/>

Also, please consider signing the “Healthy Planet Healthy People” petition as a key action for this year’s Season of Creation. The petition, which demands world leaders to take action on climate change, biodiversity and human rights, has been endorsed by the Vatican Dicastery for Integral Human Development in the hope that millions of Catholics will raise their voices in the public sphere to help Restore Our Common Home in the run up to these vital UN Conferences.

Please sign the petition here: [“Healthy Planet Healthy People”](#)

To mark the Season of Creation, the Missionary Sisters of Our Lady of the Apostles in collaboration with the Society of African Missions, Elders for Earth, SHEP Earth Aware, and Green Spaces for Health are hosting **5-Days of Action for Biodiversity Awareness**.

A Five Days of Action Facebook Group has been set up, where each day from the 6 – 10 September at 11am, there will be a live-stream on the Facebook Group to share information and instructions for an **Action for the Day**.

A study is taking place in Maynooth University on the rights and experiences of migrant and minority ethnic groups in the penal system in Ireland. Researchers are looking for people from migrant/ ethnic minority background for one interview via telephone or an online platform lasting between 40-90 minutes. The researchers are interested in experiences of being in prison and topics such as racism and discrimination, cultural differences and language barriers, potential isolation from family and friends, rights awareness and access to information in your own language, access to education programmes and healthcare, and resettlement needs.

This research is funded by the Irish Penal Reform Trust. The Irish Penal Reform Trust is a charity that works to improve the human rights of people in prison.

More information can be found here:
